

Carleton In Carleton's Country

A fascinating tour of the sites and places associated with the novelist William Carleton in his native Clogher Valley.

Your morning exploring Carleton's Country will start with tea or coffee at **Suitor Gallery & Coffee Shop 1**. Local guide and a member of **The Carleton Summer School 2**, Jack Johnston will meet you at Suitor's and take the group on a literary journey through Clogher Valley.

You will visit the sites of hedge schools, the big houses mentioned in Carleton's narrative, Clogher Cathedral and graveyard, where many of Carleton's characters are buried. The tour will also include the cottage at Springtown, Augher where Carleton lived and the Forth Chapel he attended and many more historic locations associated with the novelist, including the 17th century Corick House and Augher Castle.

A lunch stop will be made at **Salley's Restaurant 3** in Aughnacloy, a member of the Flavour of Tyrone Good Food Circle and advocate of local produce. The tour finishes with a visit to Dungannon's famous **Linen Green Designer Village 4**, where you can indulge yourself with great designer names like Paul Costello and Anne Storey before exploring the enticing range of products at the Ulster Weaver's shop in this refurbished linen mill.

William Carleton Summer School takes place in Corick House Hotel & Spa in August each year.
